

The Michigan Department of Education, Office of Educational Assessment and Accountability, in cooperation with Wayne RESA, the TCOM Consortium, MIstreamnet and the Sustained Learning Regions present:

**A Live Video Conference for
Local District and ISD Assessment Coordinators and Private
School Assessment Coordinators:**

**Preparing for the Fall 2005 MEAP and MI-Access
Student Pre-Identification Process**

Attendees at this video conference will learn about the process that will be used to Pre-ID students for the Fall 2005 MEAP and MI-Access assessments. In addition to presenting options available for Pre-ID, there will be a demonstration of enhancements to the OEAA (formerly MEAP) Secure Website. Understanding the options and resources available will enable schools and districts to more efficiently and accurately identify students for fall testing, reducing the effort needed between the start of school and the testing window.

When: Wednesday, April 13, 2005, 3:00-4:30 pm

Where: Boyd Arthurs Auditorium, Wayne RESA

The video conference will originate from Wayne RESA and be distributed to the ISDs, who have been confirmed as host sites:
